Elections are a fraud because they foster the illusion that people have democratic power over the major institutions in our society. It is clear that the money interests (the giant corporations, the military, the university) make the important decisions about people's lives. The major presidential candidates represent the interests of those who own and control the economy in America.

This year, more than ever before, the fraud that is called the American elections is clear. There is no difference between Nixon, Humphrey, and Wallace. All are racists and warmakers using phrases like "law and order" to divert attention from the real issues.

- We demand the withdrawal of troops from Vietnam and other countries.
- We condemn racism which divides our country.
- We support the liberation of black people by any means necessary.
- We demand that the police be disarmed.

We cannot vote for what we want in these elections, so we will vote with our feet.

STUDENT STRIKE

On Tuesday, November 5, SDS calls for a student strike. High schools and universities are an intrinsic part of the capitalist system which we are challenging. University research supports the war effort. Universities through their investments exploit the poor and the working people in the U.S. and abroad. The students of the University of Maryland are asked to participate in teach-ins and rallies on campus, and a large regional demonstration (along with other students and workers) on Tuesday at noon, in our nations capital.

While the Vietnamese are struggling to free their country from the grips of U.S. imperialism and blacks are fighting for liberation and GI's are carrying on a struggle inside the military, we must go to the streets on Election Day. We must make our voices heard.

YANKEES COME HOME

students for a democratic society
University of Maryland Chapter

October 28, 1968

Dear Faculty Member,

The presidential elections are almost upon us. Yet the people of this nation are left bewildered by both the candidates and the issues. They see no difference between the contenders. The people are confronted by meaningless slogans such as "law and order" (without any mention of justice). The main issues such as the war, the draft, poverty and racism, have either been totally ignored or hopelessly obscured.

The youth of this nation is especially concerned. It is the youth who in the future will be most effected by the decisions of today. And youth has no part in the decision making. Youth is tired of blathering politicians. We have protested and have gotten rid of LBJ. We have been to Chicago and have seen democracy in action on the streets of the Windy City. Our reward is a choice between Tweedle-de-Hump and Tweedle-de-Nix.

Students for a Democratic Society feels that the National Elections are a fraud and a hoax. They make a travesty of our democratic institutions. The elections have been controlled from Miami to Chicago - up and down. To protest this miscarriage of democracy, Students for a Democratic Society plans various activities on the days leading up to and on election day itself.

If you feel that the candidates offer the people no choice; if you feel that the candidates are not speaking to the pertinent issues; if you are concerned about the dilemma of forgotten youth; if you are concerned about the manipulation of the democratic electoral process. JOIN US. Discuss the issues in your classes in cooperation with the Time-Out project which is supported by the National Student Association and the Student Government Association. Call off classes on election Day. Support the Student Strike. Come and discuss the issues with us at our teach-ins on Monday, October 4.

Democracy requires an informed citizenry. Help us bring the real issues to the campus.

On November 5, America votes...

For Whom??? For What???

It is clear that the real issues of the day are not being dealt with in the campaign. It is clear that the available candidates in no way provide a meaningful choice. It is becoming more apparent that the electoral system itself is now but a facade covering a basically undemocratic society.

The fundamental issue today is the dehumanizing policies pursued at home and abroad by the forces that control America.

1) WE STRIKE AGAINST THE WAR IN VIETNAM AND AMERICAN ECONOMIC, POLITICAL AND MILITARY EXPLOITATION THROUGHOUT THE WORLD.

American corporations make profits in countries where people starve. The American government supports dictatorships in these countries to maintain American business interests. The American military defends these interests where political and economic means fail.

2) WE STRIKE AGAINST THE PACISM WHICH OPPRESSES BLACK PEOPLE AND CORRUPTS ALL OF AMERICAN SOCIETY.

The major issues of this campaign -- "crime in the streets" and "law and order" -- are racist in essence. Racial minorities continue to be exploited in the richest country of the world. This racism is not simply a question of individual consciousness, but of institutions.

3) WE STRIKE AGAINST OUR EDUCATIONAL INSTITUTIONS WHICH INTIMATELY SUPPORT AND PROFIT FROM OUR RACIST AND IMPERIALIST SOCIETY.

They indoctrinate and channel us into uncritically supporting the given institutions and policies. They prepare us for lives which we find boring and meaningless. Their faculty and facilities are used for research and propaganda to increase existing oppression. Their directors are major perpetrators and profiteers of this system.

We are striking because these issues are being ignored by the candidates, because they neither can, nor will, deal with them. We are joining with high school and college students across America to make the only possible and effective expression of our concern.

JOIN US ON NOVEMBER 4 AND 5 IN THE NATIONAL STUDENT STRIKE

MONDAY

Participate in and organize school rallies and actions.

TUESDAY

VOTE AGAINST THE DRAFT ! STRIKE ON ELECTION DAY !

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 02-09-2012 BY 65179 DMH/DF

BOTH CANDIDATES HAVE COMMENTED ON THE DRAFT, HUMPHREY HAS SAID HE IS IN FAVOR OF A LOTTERY, WHILE NIXON CLAIMS HE WANTS AN ALL VOLUNTEER ARMY IN PEACETIME AND SAYS IT WON'T COST MORE THAN \$3 BILLION A YEAR.

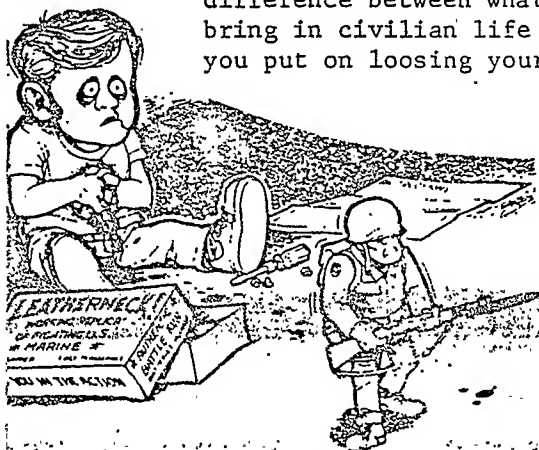

Conscription is justified by the government and the candidates under the assumption that every male must be ready to fight and die for the country that protects him. Supposedly, a completely volunteer army also costs too much. Enlistment propaganda appeals to love of country, a sense of adventure and offers enlistees a choice which induction destroys. We don't want to disparage patriotism and adventure, but we feel this invocation of rights and obligations and costs disguises what the draft does to people, how it operates and whose interests it serves. These are subjects which the candidates generally ignore and which still shape the lives of young Americans.

Since the draft is very closely tied to the war and our foreign policy, let us make our position clear. SDS believes that America's vast military power is not for her security. (Does it make you feel any more *secure* to know the US could destroy the whole world in a half an hour?) It is used to obtain financial and political domination over underdeveloped countries and to carry out a reactionary program, contrary to the welfare of our own poor and the poor in those countries we control, such as Latin America.

THE SELECTIVE SERVICE SYSTEM IS A MEANS AND SOURCE OF PERSONAL AND ECONOMIC COERCION. IT FORCES EVERY YOUNG MAN, WHO IS MORALLY, MENTALLY, AND PHYSICALLY QUALIFIED TO SERVE HIS COUNTRY: AS A SOLDIER FOR TWO YEARS, OR IN SOME OCCUPATION WHICH CONTRIBUTES TO THE 'NATIONAL HEALTH, SAFETY OR INTEREST' FOR AS LONG AS HE IS DRAFT ELIGIBLE.

As General Hershey himself put it in his *Channeling Memorandum*, "The psychology of granting wide choice under pressure to take action is the American or indirect way of achieving what is done by direction in foreign countries where choice is not permitted." If you are too poor to go to college, or if you can't take the crap once you're in it, then channeling means you must serve your country as an enlisted man, if qualified. College graduates have a wider choice: they can become officers or else get the right kind of job. According to the National Security Council, undergraduate deferments produce a substantial number of military officers.

One nice feature about the draft is that it shifts a good portion of the cost of the war onto the shoulders of those who are fighting it. The difference between what soldiers get paid and what their services would bring in civilian life is about \$11 billion dollars. And what price should you put on losing your freedom for two years or more?

General Hershey has also provided for malcontents, discontents, disruptors and zealous draft counsellors: if they are under 35, according to Local Board Mem. # 83, they are declared delinquent, classified 1-A and expeditiously inducted into the Armed Services. General Hershey, and his bosses, seem to feel serving your country can be a punishment as well as an honor.

SDS believes that whether the draft is carried out in an *American* or *foreign* fashion, it is repressive and undemocratic, and must be abolished.

THE SELECTIVE SERVICE SYSTEM IS RUN UNDER A VERY COMPLICATED SET OF RULES WHICH FORBID THE REGISTRANT FROM HAVING LEGAL COUNSEL. STANDARDS VARY TREMENDOUSLY FROM LOCAL BOARD TO LOCAL BOARD AND AMONG THE STATES. IF SOME BUREAUCRAT FOULS UP, YOU HAVE TO RISK A FELONY RAP, BY REFUSING INDUCTION, TO GET YOUR CASE INTO COURT.

And don't ever expect that the advice you get from about available options is accurate or pertinent. They are often unaware or ignorant of the regs and the law and careless in saying what they do know. Of course, if every one took advantage of all the rights he has under the present system, or it was forced to operate under judicial review, it would break down almost immediately and be unable to meet its manpower quotas and the war effort would suffer.

THE SELECTIVE SERVICE SYSTEM BENEFITS THE PEOPLE WHO ARE MAKING PROFITS OFF THE VIET NAM WAR AND OFF THE UNITED STATES' HUGE MILITARY ESTABLISHMENT, WHICH WOULD BE IMPOSSIBLE TO MAINTAIN WITHOUT THE MANPOWER SUPPLIED BY THE DRAFT. FOR EXAMPLE, THE AIRCRAFT AND ARMAMENT MANUFACTURERS, THE PEOPLE GEN. EISENHOWER RIGHTLY NAMED AS THE MILITARY-INDUSTRIAL COMPLEX. THERE ARE OTHERS --- OILMEN, WHO MAKE 2/3 OF THEIR PROFITS OVERSEAS AND NEED THE FAVORABLE MARKETING SITUATION THAT A PREPONDERANCE OF MILITARY POWER CREATES AND BANKERS, WHO LIKE A FAVORABLE INVESTMENT CLIMATE.

The draft doesn't benefit the people who are forced to die in a cruel, vicious war, or their relatives and friends; the women who have to wait for their men; the cripples; the scientists and engineers who are forced to study the most efficient way to kill the enemy and protect our friends and our "boys", no matter what their beliefs are, under the duress of channeling. The draft doesn't benefit the poor and the blacks in the ghettos, who suffer from lacks that the resources we waste on our military effort could supply.

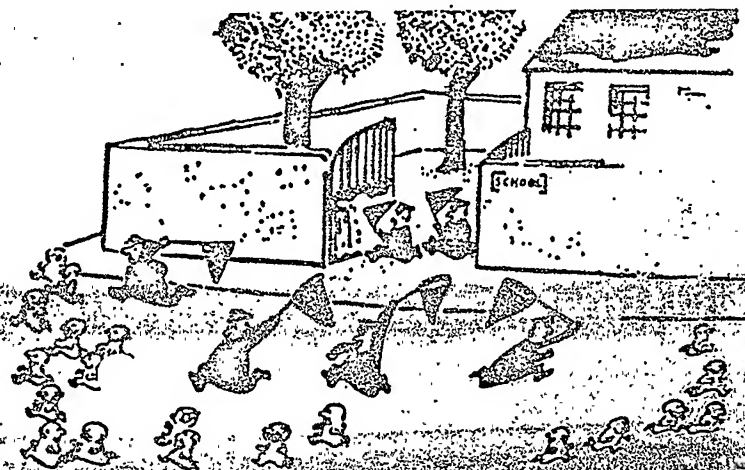

The draft in this country only benefits those people who control it.

The draft in this country only benefits those people who control it, the people who decide what the national health, safety and interest is, the people whose investments and profits need protecting. Anyone who would be hurt if young people were free to control their own lives without the threat of the draft over their head and in their guts must now benefit from it.

IF YOU ARE THREATENED BY THE DRAFT AND FEEL THAT THE CANDIDATES HAVE NOT DEALT WITH THE ISSUES INVOLVED, JOIN US IN OUR STRIKE. VOTE WITH YOUR FEET.

Regional SDS meeting at 3 Thomas Circle on Nov. 3. The 12 individuals present represented the following SDS chapters: Georgetown, George Washington, American, Johns Hopkins, and Maryland Universities. The meeting began at 7:30 p.m. and ended at 8:30 p.m. Among those present were [REDACTED]

b6

CONTENT:

The meeting was short and only a few comments concerning the logistical problems of the Nov. 5 march were presented. [REDACTED] mentioned that no permit for the march had been obtained, or would be obtained. The only legal permit granted was for the rally at the Lincoln Memorial which is to begin at 12:00 noon. However there are definite plans to march from the Lincoln Memorial following the rally to the George Washington campus, down 23rd and F Streets, on to Lafayette Park and from there to the White House. No official policy was or is established for a confrontation with the police. It was privately expressed by [REDACTED] however, that people will undoubtedly march on the sidewalks and maintain order until the demonstration reaches the George Washington Univ. campus. [REDACTED] added, "From there on the streets are narrow and the people should take the streets. The pigs will come after us, but the area there is crowded and easier for us. Personally I want to get out of the Lincoln Memorial as soon as possible. We're sitting pretty there and there is too much room for the pigs to maneuver." It was mentioned that there was still a problem with getting the public address system for use at the rally. [REDACTED] is in charge of setting it up. [REDACTED] mentioned that several

b6

buses were acquired by the individual chapters to transport people in for the march, including buses from Richmond, Blue Ridge College, and two buses from Baltimore.

Mention was made of the activities planned for Monday, however they are all arranged through the campus SDS chapters, without any central direction. But there are several people who are in town for the Tuesday march and will make appearances and speeches at the teach-ins and rallies in the Washington area. The Georgetown, George Washington, and American Univ. chapters will have Carl Oglesby, [redacted] and [redacted] join [redacted] for the various appearances.
